

## Survey for After School Enrichment for Fall 2011

Because several families would like after school enrichment, we want to find out which subjects interest your kids! These programs, many of which would take place at Argonne right after school, would be in addition to current after school programs (RDASC, YMCA, Chinese) as they are meant to supplement, not replace, current programs. Students would go to their after school program or be picked up following participation in enrichment.

If you are interested in any of these programs for this fall, please return this survey by **Friday, July 29<sup>th</sup>** so that we can arrange for these programs to start in September. We will send out registration forms for the programs chosen (based on interest) in mid August. We hope to present a balanced menu of programs offered. If the programs we set up work well, we will offer after school enrichment for Spring 2012.
